### HANGED HIMSELF

To Tree While Enroute For Wedding Suit.

Strange Action of a Young Man on Morning of His Wedding Day.

Morganfield, Ky., Jan. 8.—Timothy McCarty, a young farmer about 22 years of age, was found hanging to a tree at the roadside early this morning about four miles above Uniontown. McCarty lived in the "Crown Flats," and about 4 o'clock this morning started to Uniontown to get his wedding suit, as he had intended marrying a Miss Sizemore this afternoon. From Uniontown he was to come to this city to get the necessary license.

An uncle of the young man says he had \$100 in his pocket when he started from home, but when his body was found there were only three or four dollars in his pockets. It was first reported that McCarty had been murdered and robbed, and then swung to a limb to make it look as if he had committed suicide. Word was sent here and the officers left immediately with bloodhounds, but the services of the dogs were not needed as an examination showed that McCarty had committed suicide instead of having been murdered. He had started to town on a mule, and it was with the rope bridle that he hanged himself.

While all the evidence available points to suicide there is a deep mystery surrounding the tragedy. McCarty, it is said, had no bad habits, and it therefore seems strange that he would take his life on the morning of his wedding day. This missing money also adds to the mystery surrounding the case. McCarty expected to go to Louisville immediately after his marriage to work in a railroad shop there.

### HELD TO ANSWER.

Colored Boys Charged With Robbery Committed Near Bell.

Taylor Woodson, col., living near Bell, was robbed of \$28 Tuesday. He suspected Jim Tucker and Chester Parrish, two colored boys who had been working in the neighborhood, and the police here were notified to keep a lookout for them. Officer Walker went out as far as Trenton on the train Wednesday morning and two colored youths got on at Pembroke, who answered the description partly of the boys wanted. The officers at Guthrie were notified to watch for them, however, and a fuller description was telephoned from Bell. They were then taken into custody at Guthrie and Chief Matthews and Officer Walker went down and brought the prisoners to this city Wednesday night. Their examining trial was held before the County Judge yesterday and they were held over to Circuit Court. Being unable to give bond they were sent back to jail.

The money was taken out of a trunk which was first broken open.

### CALLED CORONER.

Man Killed Accidentally by Discharge of Gun.

Late Wednesday evening a telephone message came from the neighborhood of Fairview, calling the county Coroner to hold an inquest over the body of a colored man, who had killed himself accidentally with a gun. No further particulars of the affair could be learned. Coroner Allensworth went out yesterday morning, but had not returned when we went to press.

### Inspectors Re-Elected.

Messrs. W. F. Buckner, A. F. Smith, T. L. Porter and Dr. Crouch were re-elected tobacco inspectors for the ensuing year by the Clarksville Tobacco Board of Trade last Monday.

### FREE DELIVERY

For Portion of Christian Lying South of City.

Service Will Begin As Soon as Mail Boxes Can be Put Up.

Christian county, or at least a portion of it, will certainly have free rural delivery within the next few days. Government Inspector J. S. Rathbone, of Washington, D. C., was here Tuesday and went over the proposed route for free rural delivery in a portion of Southeast Christian. The length of the route is 26 miles, and figuring on a basis of five for each head of a family, a population of about 900 will be served. The free delivery route starts from Hopkinsville and extends down the Nashville pike to the Bradshaw pike; then down that pike to R. H. Kelly's farm; from the latter it runs back to the Bolivar road, thence to Bolivar, and up the Clarksville and Hopkinsville pike back to the city.

The contract for carrying the mail has been let to Mr. Elbridge Bradshaw at \$400 per annum. This is the amount allowed by the Government for the work and it is probable that an additional sum will be provided for the carrier. The system will be put in operation as soon as the mail boxes to be used on the rural route arrive. As the order was sent in to Washington City the first of the week it is likely that they will reach this city and be put up some time next week.

### BUGGIES CLASH.

Both Vehicles Torn up But Occupants Not Injured.

A runaway collision that came near resulting fatally to Jack Wolfe, a young man residing near the city, created quite a sensation on Main street about seven o'clock Wednesday evening. A buggy and pair of horses from Hammond's Livery Stable at Gracey, managed to get loose from a negro left to hold them in front of a store on West Seventh street, and coming down Main at a terrible speed, came in contact with a buggy driven by Mr. Wolfe, who had turned into Main from East Ninth street at the National Bank corner. The runaway team came up behind Wolfe before he could get out of the way, and overturned his buggy, the pole striking it, while the horses were pulled around it. Wolfe's horse had gotten loose and he was thrown out in front of his buggy, where he would have been tramped to death by the Hammond team, had not the harness broken and let them loose. It was a narrow escape, but no one was hurt, though both buggies were badly torn up.

### CASE POSTPONED.

Morris' Examining Trial Re-Set for Jan. 22.

The examining trial of Robert Morris, who shot and killed Marion Henderson, near Bluff Springs, Christmas eve, set for a hearing before Judge Candler, Wednesday, was postponed until Tuesday, Jan. 22. The case was continued on motion of the attorneys for the defense, on account of the absence of material witnesses. Morris' plea will be self defense. He has retained Willis H. Hazlip and Mr. C. H. Bush as counsel. A large number of people from the section of country in which the killing occurred were on hand Wednesday.

Where She Went to Have a Surgical Operation Performed.

The wife of Mr. Henry Marcus, of Cerulean, died in Chicago Tuesday. She has children living in Chicago and went to that city a week ago to have a surgical operation performed. It was not learned whether she died from the effects of the operation or whether she succumbed as a result of her illness, which was of long duration. The remains arrived here this morning and will be buried in Hopeville. Mrs. Marcus was a daughter of the late Irvin Boyd and a sister of Mr. "Doc" Boyd, of Sinking Fork.

### NEW COUNTY JUDGE.

Gov. Beckham has appointed Judge G. B. Bingham County Judge of Trigg county to fill the vacancy caused by the resignation of Judge John D. Shaw, who resigned to become President of the new bank recently organized at that place. Judge Bingham has served as county judge twice before and was strongly indorsed.

### BURNING PLANT LAND.

Many Farmers Have Finished—Others Making Preparations.

A large number of the farmers of Christian county have finished burning tobacco plant beds and others are making active preparations to put the seed into the ground. Judging from the actively being displayed in this line there will be an abundance of plants raised to set out a full crop.

### WAGON BED

Fell Upon Child Causing Copious Hemorrhage of Ear.

Frank, the 6-year-old son of Mr. John Alctee, of near Julien, was painfully injured Tuesday afternoon. The little fellow was standing under a wagon bed when it slipped and fell upon him, pinning him to the ground. When rescued it was found that one side of his head had been badly bruised and a copious hemorrhage from the ear resulted, a small blood vessel having been cut. Dr. W. D. Brown rendered the necessary surgical aid and the child is now able to be out.

### SOFTENING OF BRAIN

Causes Death of Prominent Todd County Farmer.

Mr. Joseph E. Hatcher, a wealthy and influential citizen of Todd county, died at his home a few miles west of Trenton, Tuesday night. He had been in bad health for three years. Death was caused from softening of the brain. He was a brother-in-law of Mrs. M. G. Rust of this city, and was 65 years old. He was a member of the Baptist church, an ex-Confederate soldier and one of the largest land owners of Todd county. Rev. John C. Rust, of Nashville, preached the funeral Wednesday afternoon.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS

## Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the *Original* and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

## HARRISON ON THE COLONIES.

Again Throws Out the Hint He Doesn't Agree With Admiration.

At the Columbia club banquet given at the Hotel Columbia, he had furnished advance copies of his speech but included the following paragraphs which were not included in the advanced copy. It has been recently said that our fathers organized a misshapen nation. If these limitations and reservations apply to all lands that become a part of our public domain and to all peoples whose allegiance we accept. Now, whatever the professors of aesthetics may tell us about beauty in the abstract, we know that in nature and mechanics and in formative handicraft such a principle has chiefly to do with an intended use. That which accomplishes the designed use is not misshapen. Orators are misshapen eagles, as all of us have found when we tried to soar! And so, before we condemn our constitution as misshapen, if it carries its general limitations and its reservations of personal rights to all lands over which its sway extends and to all people who owe allegiance to the government it organizes, we must assume that the men of 1776 and of 1777 contemplated the governing of aids and peoples with that absolutism against which so much cost and care they had expended themselves. That is to beg the question. But it is not my purpose to press upon you my views upon this great constitutional question. Though many of you may hold another view. I do not doubt that the republican liberty to differ on a constitutional question survives in the Columbia club.

## ARMOURS BUY SALT ABROAD

Send to Portugal to Escape the High Price of the Trust in America.

A large shipment of salt from Lisbon, Portugal, for the Armour Packing company has just begun to arrive in Kansas City. Thirty-five cars have reached there and twenty-five cars are on the way. Each car is loaded with from thirty-five to forty tons of the salt, all in bulk.

The purchase abroad of this enormous quantity of salt by the Armour company was provoked by the high prices demanded by the salt trust in this country. Salt might have been bought from the Hutchinson (Kan.) companies. The Armour company uses about fifteen carloads a week. James Ferrell, purchasing agent for the company, said:

"Prices are now \$6 a ton, a figure so high that we were forced to do something desperate to escape the payment of it. Instead of buying salt at a point 210 miles from Kansas City we have sent more than 5,000 miles to another country for it, and after paying steamer and freight rates and a custom duty of 8 cents a hundred, we are still able to save money. This shows what an outrageous profit the salt trust makes in this country."

## CENTURY POEM.

Read by Edison Clarkham in New York.

We stand here at the end of mighty years,  
And a great wonder rushes on the heart.  
While cities rose and blossomed into dust,  
While shadowy lines of kings were blown to air.  
What was the purpose brooding on the world  
Through the large leisure of the centuries?  
And what the end—failure or victory?  
Lo! man has laid his scepter on the stars,  
And sent his spell upon the continents;  
The heavens confess their secrets, and the stones,  
Silent as God, publish their mystery.  
Man calls the lightnings from their secret place  
To crumple up the spaces of the world,  
And snatch the jewels from the dynast hours.  
The wild white smoking horses of the sea  
Are startled by his thunders; the world powers  
Cower round to be the lackies of the king.  
He has torn the veil of the great things,  
The law that was made before the worlds, before  
That first whisper on the ancient deep.  
The law that swings Arcturus on the north,  
And hurls the soul of man upon the way.  
But what avail, O builders of the world,  
Unless ye build a safety for the soul?  
Man has put harness on Leviathan,  
And hanks in his incorrigible jaws,  
And yet the perils of the street remain.  
Out of the whirlwind of the cities rise  
Lean Hunger and the Worm of Misery.  
The heartbreak and the cry of mortal tears.  
But, hark! the bugles blowing on the peaks!  
And, hark! a murmur as of many feet,  
The cry of captains, the divine alarm;  
Look, the last son of Time comes hurrying on.  
The strong, young Titan of Democracy,  
With swinging step he takes the open road,  
In love with the winds that beat his hairy breast  
Daring his sunburnt strength to all the world.  
He casts his eyes around with jovian glance,  
Searches the tracks of the old tradition, scans  
With rebel heart the books of pedigree,  
Peers into the face of Privilege and cries:  
"Why are you halting in the path of man?  
Is it your shoulder-bears the human load?  
"Do you draw down the reins of the sweet heaven  
And keep the green things growing? — — — Back to hell."  
We know at last the future is secure;  
God is decending from eternity,  
And all things, good and evil, build the road,  
Yes, down in the thick of things the men of greed  
Are thumping the inhospitable clay.  
By wondrous toils the men without the dream,  
Led onward by a soothing unaware,  
Are laying the foundations of the dream.  
The kingdom of fraternity foretold.

MARKET OPENS

With Fairly Good Sales For The Week.

The sales of tobacco on the break this week amounted to about fifty hogsheads. Prices proved very satisfactory for the kinds offered and rejections were few. Some good leaf went as high as \$8.25, while common leaf ranged from \$6 to \$4.50. The demand for lugs was good and some of this grade sold for \$5. Conditions have been favorable for handling the weed and receipts show considerable improvement over the past few weeks. This is especially the case in the loose market. The demand for good tobacco is lively and the color goods are bringing very satisfactory figures. A considerable portion of the crop of Christian county has been sold and much of it already delivered. The crop of 1900 was a large one and the quality generally good. Sales are expected to greatly increase with each week from now until all of the week has been disposed of.

## WOODMEN OF WORLD.

### Social Entertainment This Week An Elaborate Affair.

The social entertainment given by the Woodmen of the World and the Woodmen Circle Tuesday night was a very elaborate affair and was highly enjoyed by every one present on the delightful occasion. There were appropriate addresses by Messrs. John C. Duffy, W. T. Fowler and John Feland and instrumental solos rendered by Misses Florence Elgin and Ruby Ward and Mr. F. Falenstein.

Ward's orchestra also furnished excellent music on the occasion. A sumptuous repast, consisting of oysters, turkey, ham and other meats, and cake, ices, etc., was greatly enjoyed by the large gathering. Mr. R. E. West was master of ceremonies and filled the bill like "an aged stager."

## TREAT IN STORE.

### City Never Visited By Man Of Rarer Qualities.

A treat is in store for all who hear Dr. Homer T. Wilson's lecture, "Sparks From the Anvil," at the Opera House next Wednesday evening, Jan. 16. Hopkinsville has never been visited by a man of rarer qualities than Mr. Wilson. As an exchange says: "He combines the language of Graves, the wit and humor of Burdette, the gracefulness of Booth, and the eloquence of Grady." The Platte county (Mo.) Argus, in a recent issue, says:

"In the evening Mr. Wilson delivered his famous lecture in such a perfectly artistic, cultured and dramatic manner as only a Beecher and a select few of his age can do. I have been fortunate in seeing and hearing all those who have been acknowledged as the 'truly great' for the last forty years, and must accord Mr. Wilson a place among the most perfect and cultured of platform orators. A perfectly modulated, mellow and rich voice; face and eyes as expressive as Jefferson's, Beecher's, or Mary Anderson's; a classic pose, and an elocutionist of the real and proper school."

In late years men have made for themselves out of the tailings of gold mines. The mills in which the ore formerly was crushed and the crude processes then in use allowed a large percentage of the precious metal to escape, and that loss amounted to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and waste of much of the precious nutrient contained in the food. That loss when continuous means the man's greatest enemy, health. Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery. It corrects the weakness of the stomach, prevents waste and loss of nourishment, and puts the stomach and organs of digestion into a condition of health when unable then to assimilate all the nutrient contained in the food which is eaten. In all cases of indigestion the use of Dr. Pierce's Pleasant Pellets will speedily and permanently cure.

## LIKES TO TRAMP.

### Has Nomadic Habit and Left Home Five Times.

Henry Kline, aged 16 years of Nashville spent Monday night at police headquarters. He told a story of having been kidnapped at Nashville, and brought to this city on a boxcar on the L. & N. road. He claims that he was liberated by a trainman who heard him kicking against the door of the car, and he reported at police headquarters. There seems to be little truth in the story told by the lad. Mrs. Kline, the mother of the boy, says he has the nomadic habit and this is the fifth time he has tried to see more of the country. Monday he started to a store, and the next heard from him was a telephone message from Chief Matthews stating that he was under arrest.

The Nashville American says: "Kline's mother states that she overheard him talking to a younger brother Sunday of the gentlemanly qualities of a hobo they had met. He started to his work as usual Monday morning, and the first intimation received at his home was Monday night, when his mother was telephoned by the police at Hopkinsville that he was in their custody. She was much surprised at the story that he related. The boy has an older brother in Chicago, who had promised, but failed to send for him, and Mrs. Kline thinks that he was probably going to that city and became hungry at Hopkinsville and made an alarm." Kline is a son of an L. & N. flagman on this division. The boy was sent home Tuesday evening.

## WINS AT PARIS.

The McCormick Harvesting Machine Company, of Chicago, has been awarded the Grand Prize on Harvesting Machines at the Paris Exposition. This is the highest award.

The McCormick Company also received the highest award, a gold medal, on binder twine, for the superior quality of its product. Special twine machinery from the celebrated McCormick twine mill was exhibited to the jury and awarded a medal.

The McCormicks have received the largest number of awards, as well as the highest awards made to any American exhibitor. In addition to the Grand Prize on machines and Gold Medal on twine they have received two medals in the department of metallurgy for superiority in forming metals into special parts for machines; in the department of machinery a medal for factory machinery, and also silver and bronze medals in other classes, six medals in all, besides the Grand Prize.

The international juries of the Exposition have recognized the great revolution wrought by McCormick machines and this large number of awards is a great triumph for America.

In addition to winning these awards, the Gold Medal and 200 francs, the single highest award for binders was won easily by the McCormick Binder at the field trial at Coulommiers on July 19, against all comers. This is the greatest and most important trial held in France during the Exposition year.

## THOMPSON-HOWE.

### Bride Formerly Lived Here and Groom of Atlanta.

Miss Jessie Fay Howe, of Nashville, daughter of Mr. Jas. M. Howe, formerly of this city, and Mr. Thomas C. Thompson, of Atlanta, Ga., were married Wednesday night. The American of yesterday gave the following account of the happy event:

"A midwinter wedding, characterized by unusual brilliancy, was that of Miss Jessie Fay Howe to Thomas Clarke Thompson, of Atlanta, solemnized last night at Vine-street Christian church at 6:30 o'clock. The church was elaborately decorated with palms and festoons of smilax. The organ was presided over by Miss Augusta Jonnard, who rendered a musical programme before the coming of the bridal party and announced its entrance with the strains of Mendelssohn's Wedding March. The six ushers, Messrs. Bertram Howe, John Howe, Samuel E. Clark, Louis Fuqua, Sybert Hendrix and Harry Anderson, entered the church on opposite aisles. They were followed on one side by the groom and his best man, Walter Emerson Howe, and on the other by the matron of honor, Mrs. Samuel G. Steiner, and the little flower girl, Miss Mary Howe, strewing flowers in the pathway of the bride, who entered with her father, James M. Howe, and was given away by him. The marriage service was impressively said by Rev. W. E. Ellis, while the soft strains of "Call Me Thine Own" floated through the church. The bridal chorus from Lohengrin was used as a recessional.

The bride wore a wedding gown of white mousseline de sole, finished with real lace and made with a yoke jeweled with seed pearls. A bridal veil was fastened with a cluster of white flowers. The bridal bouquet was a chataine of bride roses and hyacinths.

The matron of honor was gowned in pale pink organdie over pink silk, trimmed in pink ribbon. The little flower girl wore a dainty gown of white organdie.

After the ceremony the bridal party went to the residence of the bride's parents, on Vine street, for the cutting of the bridal cake, and at 9 o'clock the bride and groom left for a wedding trip to St. Louis and through the South, before going to the groom's home in Atlanta.

The bride's going away gown was a dark blue tailor-made cloth, with a small panne velvet hat.

Among the guests present from a distance were the groom's father, A. P. Thompson, of Atlanta, and Mrs. R. W. Greene, of Kentucky.

## FAUSTS.

### A Very Fine Attraction Booked For Jan. 18.

One of the strongest attractions of the season is Porter J. White's production "Faust," which will be presented at Holland's Opera House on the evening of Jan. 18. A recent issue of the Toledo Bee says of the attraction:

Porter J. White, a former understudy of Morrison, opened an engagement yesterday afternoon at the People's in the production of Goethe's beautiful story of "Faust." Mr. White, in the role of Mephisto, is unquestionably the peer of Owen and others of Mr. Morrison's understudies who have appeared before Toledo audiences—in fact one could scarcely close his eyes to the striking face simile of Mr. White's stage mannerism and that of the original Mephisto. Mr. White's conception of the character was so difficult of production that he well-nigh faultless. His voice is admirably adapted to the part, and his enunciation and facial expression are beyond adverse criticism. Mr. White's support is good. Miss Olga Verne, in the character of Marguerite, presents a most charming picture of innocent, peace and life. The mechanical effects are practically the same as have been produced here by Morrison and Griffith. They are very striking.

The Illinois Central railroad is now having a number of men examined for the position of firemen and brakemen. This increase of transportation men and the promoting of a number of men to positions as engineers and conductors indicates an increase of business. The road is handling a large number of trains at this time—Fulton Daily Leader.

About five years ago I was troubled with catarrh of the lower bowel," says C. T. Chisholm, 484 Dearborn Ave., Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the ailment became chronic. After suffering several months, one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by R. C. Hardwick.

The fruit crop of California this year will exceed that of any other year. This is especially true of oranges. In addition to this, the oranges are larger than usual and of a better grade than for several seasons past. Prunes also promise a largely increased yield. In fact, the entire fruit crop of the State will be greater than for any preceding year.

## STANDING ROOM

May be at a Premium at Opera House.

The Great Barlow and Wilson's Minstrels will hold the boards at Holland's Opera House next Tuesday evening and it goes without the saying that they will have a good house. The company is better this year than ever before, the performance abounding in new features, and they fully sustain the claim of being the best minstrel aggregation on the road today. Of a recent performance in Cincinnati, the Enquirer says:

"There are a gathering of minstrel lovers that packed the Opera House to the doors last night, that assembled to pay court to Barlow and Wilson's Minstrels, as they appeared on their annual engagement. The performance consisted entirely of modern minstrel attractions. The people went to witness the fin de siècle minstrels of the season, and found them leaders by several lengths, for everything went fast enough to keep the most lively on the qui vive. The performance abounds in new features, which kept the audience in a continual state of hilarity, the hit of the evening being made by the Great Barlow and Wilson." The vocal numbers are gems of the first water. The company is far superior to the usual standard attraction."
